

Intensive Care Medicine: it's a RISKY BUSINESS

Making decisions when there are no right answers

ASM 2014 PROGRAMME DAY 1 FRIDAY 13 JUNE			
TIME	SESSION		
7:00	Registration Desk Opens		
8:00-8:15	Welcome: Dr Ross Freebairn & Prof Michael Reade		
8:15-9:45	SESSION 1: CHAIRS: Prof Michael Reade & Dr Andrew Udy		ROOM: PLAZA AUDITORIUM
8:15-8:40	Risky Business – learning from other high risk industries Speaker: Dr Allan Goldman		
8:40-9:05	The risks of doing the right thing when a family don't agree Speaker: Prof Brian Cuthbertson		
9:05-9:30	The risk of offending product manufacturers Speaker: Prof Anders Perner		
9:30-9:45	Discussion		
9:45-10:15	MORNING TEA		
10:15-12:00	SESSION 2 CHAIRS: A/Prof Charlie Corke & Dr Michael O'Leary		ROOM: PLAZA AUDITORIUM
10:15-10:40	Dealing with unacceptable risk in a colleague's practice. An unacceptable personal risk? Speaker: A/Prof Stephen Bolsin		
10:40-11:05	Can 'the system' really reduce or mitigate the risk of an underperforming colleague – or is this an individual responsibility of colleagues? Speaker: Prof Gerry FitzGerald		
11:05-11:45	A 'hypothetical': the first intensivist appointed to Dunrobin Base Hospital arrives & finds things not quite as good as they seemed at the interview ... Moderator: A/Prof Michael Parr Involving: A/Prof Stephen Bolsin Prof Gerry FitzGerald A/Prof Drew Wenck Dr Penny Stewart Dr Ross Freebairn Dr Andrew Semark		
11:45-12:00	Discussion		
12:00-13:00	LUNCH		
13:00-14:00	SESSION 3: ABSTRACT PRESENTATIONS		
13:00-14:00	Session 3A CHAIRS: A/Prof Charlie Corke & Dr Andrew Udy Felicity Hawker Presentations ROOM: PLAZA AUDITORIUM	Session 3B CHAIRS: Dr Stephen Warrilow, Dr Penny Stewart & Dr Manoj Saxena 5x5 Poster Presentations ROOM: P6 & P7	
14:00-15:30	SESSION 4: CONCURRENT SESSIONS		
	Non-clinical CHAIRS: Dr Ross Freebairn & A/Prof Bill Silvester ROOM: PLAZA AUDITORIUM	Clinical CHAIRS: Dr Shane Townsend & Dr Colin McArthur ROOM: P6 & P7	Paediatric Simulation ROOM: P10 & 11
14:00-14:20	Session 4A Would you really want to be treated in a rural / outer metro ICU? Speaker: Dr Andrew Semark	Session 4B Paediatric syndromes graduating to adult ICUs Speaker: Dr Johnny Millar	Paediatric Simulation Session 1 (14:00-15:30)
14:20-14:40	Risk in clinical trials. When should a therapy cross from preclinical to clinical trials? Speaker: Prof Bala Venkatesh	Not adjusting drug doses in critical illness. What's the risk? Speaker: Dr Andrew Udy	
14:40-15:00	Turn up to work in a pandemic – yes or no? Speaker: Prof Gavin Joynt	Daily sedation breaks in patients with severe TBI – too risky? Speaker: Prof Michael Reade	
15:00-15:20	Minimising risk by simulating new environments. Speaker: Dr Mark Hayden	High risk clinical scenarios in paediatric intensive care Speaker: Dr Adrian Mattke	
15:20-15:30	Discussion	Discussion	
15:30-16:00	AFTERNOON TEA		
16:00-17:30	SESSION 5A CHAIRS: Dr Ray Raper & Prof Bala Venkatesh		ROOM: PLAZA AUDITORIUM

16:00-16:25	Reducing risk when everyone's gone home for the day Speaker: Dr Allan Goldman	Session 5B Paediatric Simulation Session 2 (16:00-17:30) ROOM: P10 & P11
16:25-16:50	Are decision makers rational and risk neutral when it comes to using the results of cost-effectiveness studies. Speaker: Prof Nick Graves	
16:50-17:15	Offloading risk? The responsibilities of a DSMC in an international RCT Speaker: Dr Duncan Young	
17:15-17:30	Discussion	
17:30-18:00	Annual General Meeting	ROOM: PLAZA AUDITORIUM
17:30-19:30	WELCOME RECEPTION - Cocktail Function	EXHIBITION AREA

2014
CICM ASM
BRISBANE

INTENSIVE CARE: IT'S A
RISKY BUSINESS
Making decisions when
there are no right answers

FRI 13TH JUNE > SUN 15TH JUNE

ASM 2014 PROGRAMME OUTLINE | DAY 2 | SATURDAY 14 JUNE

7.30-8.30	GE Healthcare Breakfast Session		ROOM: P8
	BARD Breakfast Session		ROOM: P9
	Primary Exam Information Workshop		ROOM: P6 & P7
TIME	SESSION 6		
8:30-10:00	SESSION 6A CHAIRS: Prof Gavin Joynt & Dr Peter Kruger		ROOM: PLAZA AUDITORIUM
8:30-8:55	Superbugs. Not risk, fact Speaker: Prof David Paterson		Session 6B Paediatric Simulation Session 3 (8:30-10:00) ROOM: P10 & 11
8:55-9:20	SuDDICU – balancing individual and population risk? Speaker: Prof Brian Cuthbertson		
9:20-9:45	Red blood cell transfusion in septic shock Speaker: Prof Anders Perner		
9:45-10:00	Discussion		
10:00 – 10:30	MORNING TEA		
10:30-12:00	SESSION 7: CONCURRENT		
	Non-clinical CHAIRS: Dr Mark Hayden & Dr Simon Erickson. ROOM: PLAZA AUDITORIUM	Clinical CHAIRS: A/Prof Michael Parr & Dr Craig French ROOM: P6 & P7	Paediatric Simulation ROOM: P10 & 11
	Session 7A	Session 7B	Session 7C
10:30-10:50	Are we really less risky than the rest of the world? Speaker: A/Prof David Pilcher	Trainee clinical session: "how I manage..." a. massive & sub-massive PE: Speaker: Dr Daryl Jones b. DVT prophylaxis in TBI: Dr Manoj Saxena c. ventilating the unventilatable Speaker: Prof David Tuxen d. vasospasm in SAH: Speaker: Dr Judith Bellapart-Rubio e. the patient that won't stop bleeding Speaker: Dr Anthony Holley f. massive GI haemorrhage Speaker: Dr Stephen Warrillow g. the patient who needs blood volume expansion. But with what? Speaker: Prof Anders Perner h. the patient having a tet spell. What? Speaker: Dr Allan Goldman i. the patient who's going bananas Speaker: Prof Michael Reade	Paediatric Simulation Session 4 (10:30-12:00)
10:50-11:10	Do patients enrolled in clinical trials really have better outcomes & if so, why? Speaker: Dr Colin McArthur		
11:10-11:30	Do we need a trial of everything we've been taught? Speaker: Prof Steven Webb		
11:30-11:50	The risk of believing in guidelines (and how it might be reduced) Speaker: Prof Rinaldo Bellomo		
11:50-12:00	Discussion		
12:00-13:00	LUNCH		
13:00-14:00	SESSION 8: ABSTRACT PRESENTATIONS		
	Session 8A CHAIRS: Prof Rinaldo Bellomo & Prof Anders Perner Free paper presentations ROOM: PLAZA AUDITORIUM	Session 8B CHAIRS: Prof Brian Cuthbertson & Dr Adam Deane Free paper presentations ROOM: P6 & P7	Session 8C CHAIRS: Dr Stephen Warrillow, Dr Penny Stewart & Dr Anthony Holley 5x5 Poster Presentations ROOM: P8
14:00-15:30	SESSION 9: CONCURRENT		
	Non-clinical CHAIRS: A/Prof David Pilcher & A/Prof Imogen Mitchell ROOM: PLAZA AUDITORIUM	Clinical CHAIRS: Dr Andrew Udy & Dr Judith Bellapart Rubio ROOM: P6 & P7	Paediatric Simulation ROOM: P10 & 11
	Session 9A	Session 9B	Session 9C
14:00-14:20	Managing the risk of negative perceptions in end-of-life decisions. (The role of advanced care planning. Can we / should we ever distance ourselves from the concept of distributive justice? Should we respect a patient's choices when they impact on resources for others?) Speaker: A/Prof Bill Silvester	When should I transfer a patient for ECMO? Ever? Speaker: Prof John Fraser	

14:20-14:40	Communication strategies to minimise risk: what works? (Eg. Unreasonable expectations of colleagues – achieving consensus, explaining adverse outcomes to families, limiting risk through effective documentation) Speaker: A/Prof Charlie Corke	Stopping haemorrhage vs widespread clotting: the risks of anti-fibrinolytics or pro-coagulants in major bleeding Speaker: Dr Anthony Holley	Paediatric Simulation Session 5 (14:00-15:30)
14:40-15:00	How I really take informed consent for trials Speaker: Dr Manoj Saxena	When does the risk of transfusion justify the benefit? Speaker: Dr Craig French	
15:00-15:20	Observational studies showing associations with mortality risk. Ever useful? Speaker: Prof Anders Perner	Paediatric sedation: are the risks really so different? Speaker: Dr Simon Erickson	
15:20-15:30	Discussion		
15:30 – 16:00	AFTERNOON TEA		
16:00-17:30	SESSION 10 CHAIRS: Prof Steven Webb & A/Prof John Santamaria		ROOM: PLAZA AUDITORIUM
16:00-16:40	The risks of becoming an intensivist. Jobs? Family life? Longevity? Where will our specialty be in 10 years? Debate: I would advise an RMO1 not to embark on ICU training. Affirmative: Prof Rinaldo Bellomo Negative: Dr Ross Freebairn		
16:40-17:05	Does anything really reduce risk in clinical handover and information transfer? Speaker: Dr Allan Goldman		
17:05-17:30	Point-counterpoint: The risks of having too many, and too few, ICU beds. Dr Michael O'Leary (too many), Prof Michael Reade (too few – military)		
17.30-17.45	Discussion		

ASM 2014 PROGRAMME OUTLINE DAY 3 SUNDAY 15 JUNE		
TIME	SESSION	
7:30-8:30	TRAINEE BREAKFAST SESSION CHAIR: Dr Rob Bevan ROOM: PLAZA AUDITORIUM	
7:30-8:30	a. Q&A with trainee committee & representatives of CICM board b. 3x10 mins – ‘How to do a ICU year in my country’ using international speakers i. Canada (Prof Brian Cuthbertson) ii. USA (Prof Michael Reade) iii. UK (Dr Duncan Young)	
9:00-10:30	SESSION 11 CHAIRS: Dr Adrian Mattke & A/Prof Drew Wenck ROOM: PLAZA AUDITORIUM	
9:00-9:25	Understanding risks - Genomics of severe infections in children Speaker: Dr Luregn Schlapbach	
9:25- 9:50	Who are we really helping? The risk of unacceptable long term outcomes in adult intensive care - the ICON study Speaker: Dr Duncan Young	
9:50-10:15	Who’s in charge here? Speaker: Dr Adam Deane	
10:15-10:30	Discussion	
10:30-11:00	MORNING TEA	
11:00-12:30	SESSION 12 CHAIR: Prof Michael Reade & A/Prof Charlie Corke ROOM: PLAZA AUDITORIUM	
11:00-11:25	Ventilate, oscillate or cannulate? Where to next with severe ARDS? Speaker: Dr Duncan Young	
11:25-11:50	Tolerable risk. Why are countries so different and what does this mean for clinical studies? Speaker: Prof Brian Cuthbertson	
11:50-12:30	The Medical Emergency Team should be the hospital’s solution for its increasingly risky practices. (Debate) For: A/Prof Imogen Mitchell, A/Prof John Santamaria, Dr Daryl Jones Against: Dr Ray Raper, Dr Marianne Kirrane, Dr Shane Townsend	
12.30-12.45	Discussion	
12.45-1300	2015 ASM PRESENTATION	
13:00	2014 ASM CLOSE Prof Michael Reade & Dr Andrew Udy	
This is a provisional programme, the organising committee reserve the right to make changes if necessary
